5K Run Through the Hills Breaks 100-Runner Mark for Second Year

Near-perfect race conditions welcomed 114 runners to the 22nd Colonial Hills 5K "Run Through the Hills." Overcast skies, occasional drizzle, and 70-degree temperatures were ideal for the race. This is the second year that more than 100 runners participated.

The race has become a family affair for the running Fowle family of Worthington. Ed Fowle and his six children — Tracy, Matthew, Charles, Michael, Kristin and Courtney — ages 9-20, participated in this year's run. Tracy took top honors in the 12-and-under division for females.

Runners of all ages participated in this year's event. Six year-old Katherine Cross of Colonial Hills was this year's youngest participant. Bob Breen of Columbus, who is 84 years young, was this year's "most experienced runner."

The first runner over the finish line and top adult male runner was Tom Dudte from Rockwall, Texas, with a time of 17:45. The first female to cross the finish line and the top junior female was Lauren Birnie of Worthington with a time of 21:04. The first place overall junior male was Kevin Ryan with a time of 18:39. The first place adult female was Linda Evans at 21:43.

Many Colonial Hills residents and former residents participated in the run. Residents Dustin "The Flash" Meier and Sherrie Berridge enjoyed home field advantages and took first place in their divisions. Resident Pat Fath also finished strongly and still had enough energy to run the afternoon's family games. Jennifer Hegerty and son Zach were just two of the former residents who made it back to run the Hills.

For additional race results, contact Dan Button at 846-5620.

Thanks to all the volunteers, and congratulations to all participants for a great race! Hope to see you next year!
